

SAVERS ARE WINNERS!

It is very interesting to observe enthusiastic savers. We watch them as they come regularly to the bank to make their deposits. There is on their faces the smile that is peculiar to winners.

Their glory is not alone in the amount they have saved: they know that it is not always easy to save and are proud to have succeeded.

And then there is the fascination of growth! Only those who have really saved know the pleasure of watching a savings account grow.

A growing savings account is something to be proud of!
